

WILSON MAY SEEK REFLECTION IF LEAGUE PLAN IS DEFEATED

Cummins Feels President Would Yield to Pressure If World Union Fails, Which He Considers Unthinkable; McAdoo and Palmer Talked as Possible Candidates as Democrats Launch Campaign for 1920.

CHICAGO, Ill., May 28.—President Wilson's candidacy for a third term will be determined largely by the vote of the league of nations, in the opinion of Henry R. Cummins, chairman of the Democratic national committee, who came to Chicago to preside at a two-day session of that body.

No Word of His Intention.
"While I have no information regarding President Wilson's intention about becoming a candidate for a third term, I believe that the question is largely determined by the vote of the league of nations," said Cummins. "If the league of nations should be rejected, the pressure brought to bear on the president would be very great, and I feel very confident he would do so."

"If the league of nations is successful, I do not think the pressure would be nearly so great."

McAdoo and Palmer.
The names most frequently mentioned as possible candidates for the presidency in 1920 are Woodrow Wilson, who is now in Europe, and A. Mitchell Palmer, attorney general of the United States, who will address the committee tomorrow night.

Every state was represented by either a congressman or a senator when Chairman Cummins called the body to order in a session which formally marks the opening of the presidential campaign in 1920.

Chairman Cummins praised the Democratic national administration and declared that the Democratic party is again following under its own leadership.

He urged a closer cooperation between the different departments of the party organization in preparing for the next national campaign and referred to the important part women will take in future political activities.
